PLANNING AND ZONING COMMUNICATION

DATE: September 3, 2025

FROM: Helen-Eve Beadle, AICP, Town Planning Consultant

AGENDA ITEM: Discuss and make a recommendation to the Town Council regarding a **Preliminary Plat for High Plains at Furst Ranch** on 461.421 acres of property situated in the Pinson Wiles Survey, Abstract Number 1339, and A.M. Feltus Survey, Abstract Number 1595, in the western Extraterritorial Jurisdiction (ETJ) of the Town of Bartonville, Denton County, Texas. The property is generally located east of State Highway 377, south of Keith Road, and north of Smoot Lane. The applicant is GMcivil on behalf of the owners ARROYO CAP V-1 LLC, SPUR FURST RANCH DEVELOPMENT, LP, and OLD WR RANCH I HACKER LP. [Town of Bartonville File Number PP-2025-002]

Land Use and Zoning: The property is located in the Bartonville ETJ, thus no land use or zoning designations apply. The property has been utilized as agricultural and is undeveloped.

Summary: On August 20, 2024, the Town of Bartonville Town Council approved a Preliminary Plat (Exhibit 4, overall layout) for High Plains at Furst Ranch and the applicant has submitted a revised Preliminary Plat (Exhibit 1) illustrating a change in the street/lot patterns and phasing.

The previously approved Preliminary Plat included 1,115 residential lots and the proposed Preliminary Plat includes 1,104 residential lots. Additionally, along with open space/utility lots the current application includes two (2) Mixed Use lots (previously one (1) Mixed Use lot) that are located southwest of High Plains Trail and north and south of Grismill Drive.

Staff has reviewed the Preliminary Plat and have the following observations based on the new application and previous conditional approval:

1. The roadway pattern along the southern property boundary (Phases 2 and 3) has been altered and staff understands the applicant is currently working with Town of Flower Mound on a Master Thoroughfare Plan Amendment for the alignment that will support vehicle trip capacity and will maintain the Town of Bartonville's desire to limit traffic in the community. A new roadway, Grismill Drive, bisects the Mixed Use area and connects to another roadway south of Smoot Lane/floodplain. The Town of Bartonville's Thoroughfare Plan does not identify thoroughfares in this area of the Town Limits or ETJ. The Town of Flower Mound staff support the proposed Thoroughfare Plan Amendment.
2. The applicant requests consideration for the Marigold Trail and Peppervine Lane intersection waiver to allow an intersection offset less than 300 feet. The Town Council previously approved the waiver request on August 20, 2024 with the Preliminary Plat and staff recommends the waiver be approved by Town Council for the current Preliminary Plat application. The offset shall not be less than 140 feet. The waiver request outlining reasons and supporting information is included as an attachment (Exhibit 3) to this agenda item.
3. A previous approval condition required secondary access to US 377. The access has been provided through a Town of Argyle ETJ Final Plat phase (High Plains Trail). Additionally, a 20-foot all-weather emergency access easement (separate instrument) to Smoot Lane is illustrated on the Phase 1 Final Plat that was approved in June of 2025.

4. Staff noted the open space lots with significant utilities (elevated storage tank, pump station/well site, and sewage treatment facility) and has concerns regarding the ownership and maintenance. The MUD and/or the HOA will be responsible for these lots and the owner/developer will add easements (utility and drainage) as phases are final platted. The NOTES section on the Preliminary Plat shall be updated to ensure appropriate ownership and maintenance of the X lots.
5. Lots 3X, 4X, and 5X (Block 45) shall be on a new Block 46 since they are separated by a ROW/Grismill Drive. *The applicant has stated they will revise the plat and drawings accordingly.*
6. Preliminary and Final Plats shall comply with Final Plat approval block per the Town's Code. *The applicant will verify the use of the current approval block for plats.*
7. Town references shall be updated to reflect Town of Flower Mound, Town of Argyle or Town of Argyle ETJ, and Town of Bartonville or Town of Bartonville ETJ. Verify jurisdiction locations on Preliminary Plat. *The applicant has stated they will update the jurisdiction references.*
8. Lots that may require floodplain reclamation shall comply with Denton County jurisdictional review. The zone AE floodplain boundary shall be reflected on the final plats.
9. Finished Floor Elevations (FFE) shall be provided on Final Plat phases.

The applicant has submitted a preliminary water layout, preliminary sewer layout, preliminary drainage layout, and preliminary pad grading plan, along with the preliminary plat. The Interlocal Cooperation Agreement (ICA) between the Town of Bartonville and Denton County references the authority to regulate subdivision under Chapter A of Chapter 212 of the Texas Local Government Code (TLGC) and the Town of Bartonville's jurisdiction is limited to plat review. According to the Town Engineer, to date, ETJ plat reviews have strictly been limited to plat review. Water (Town of Argyle water is the supplier to the MUD) and sewer services will be provided through Furst Ranch MUD 1. The civil engineering plan reviews are performed by Denton County Development Services, the MUD, and the Certificate of Convenience and Necessity (CCN) providers actually serving an area.

The Town of Bartonville's Development Ordinance requires compliance with the adopted ordinances and regulations for plat approval. The Preliminary Plat generally aligns with town standards and is recommended for conditional approval, pending resolution of specific conditions outlined in the recommended conditions of approval.

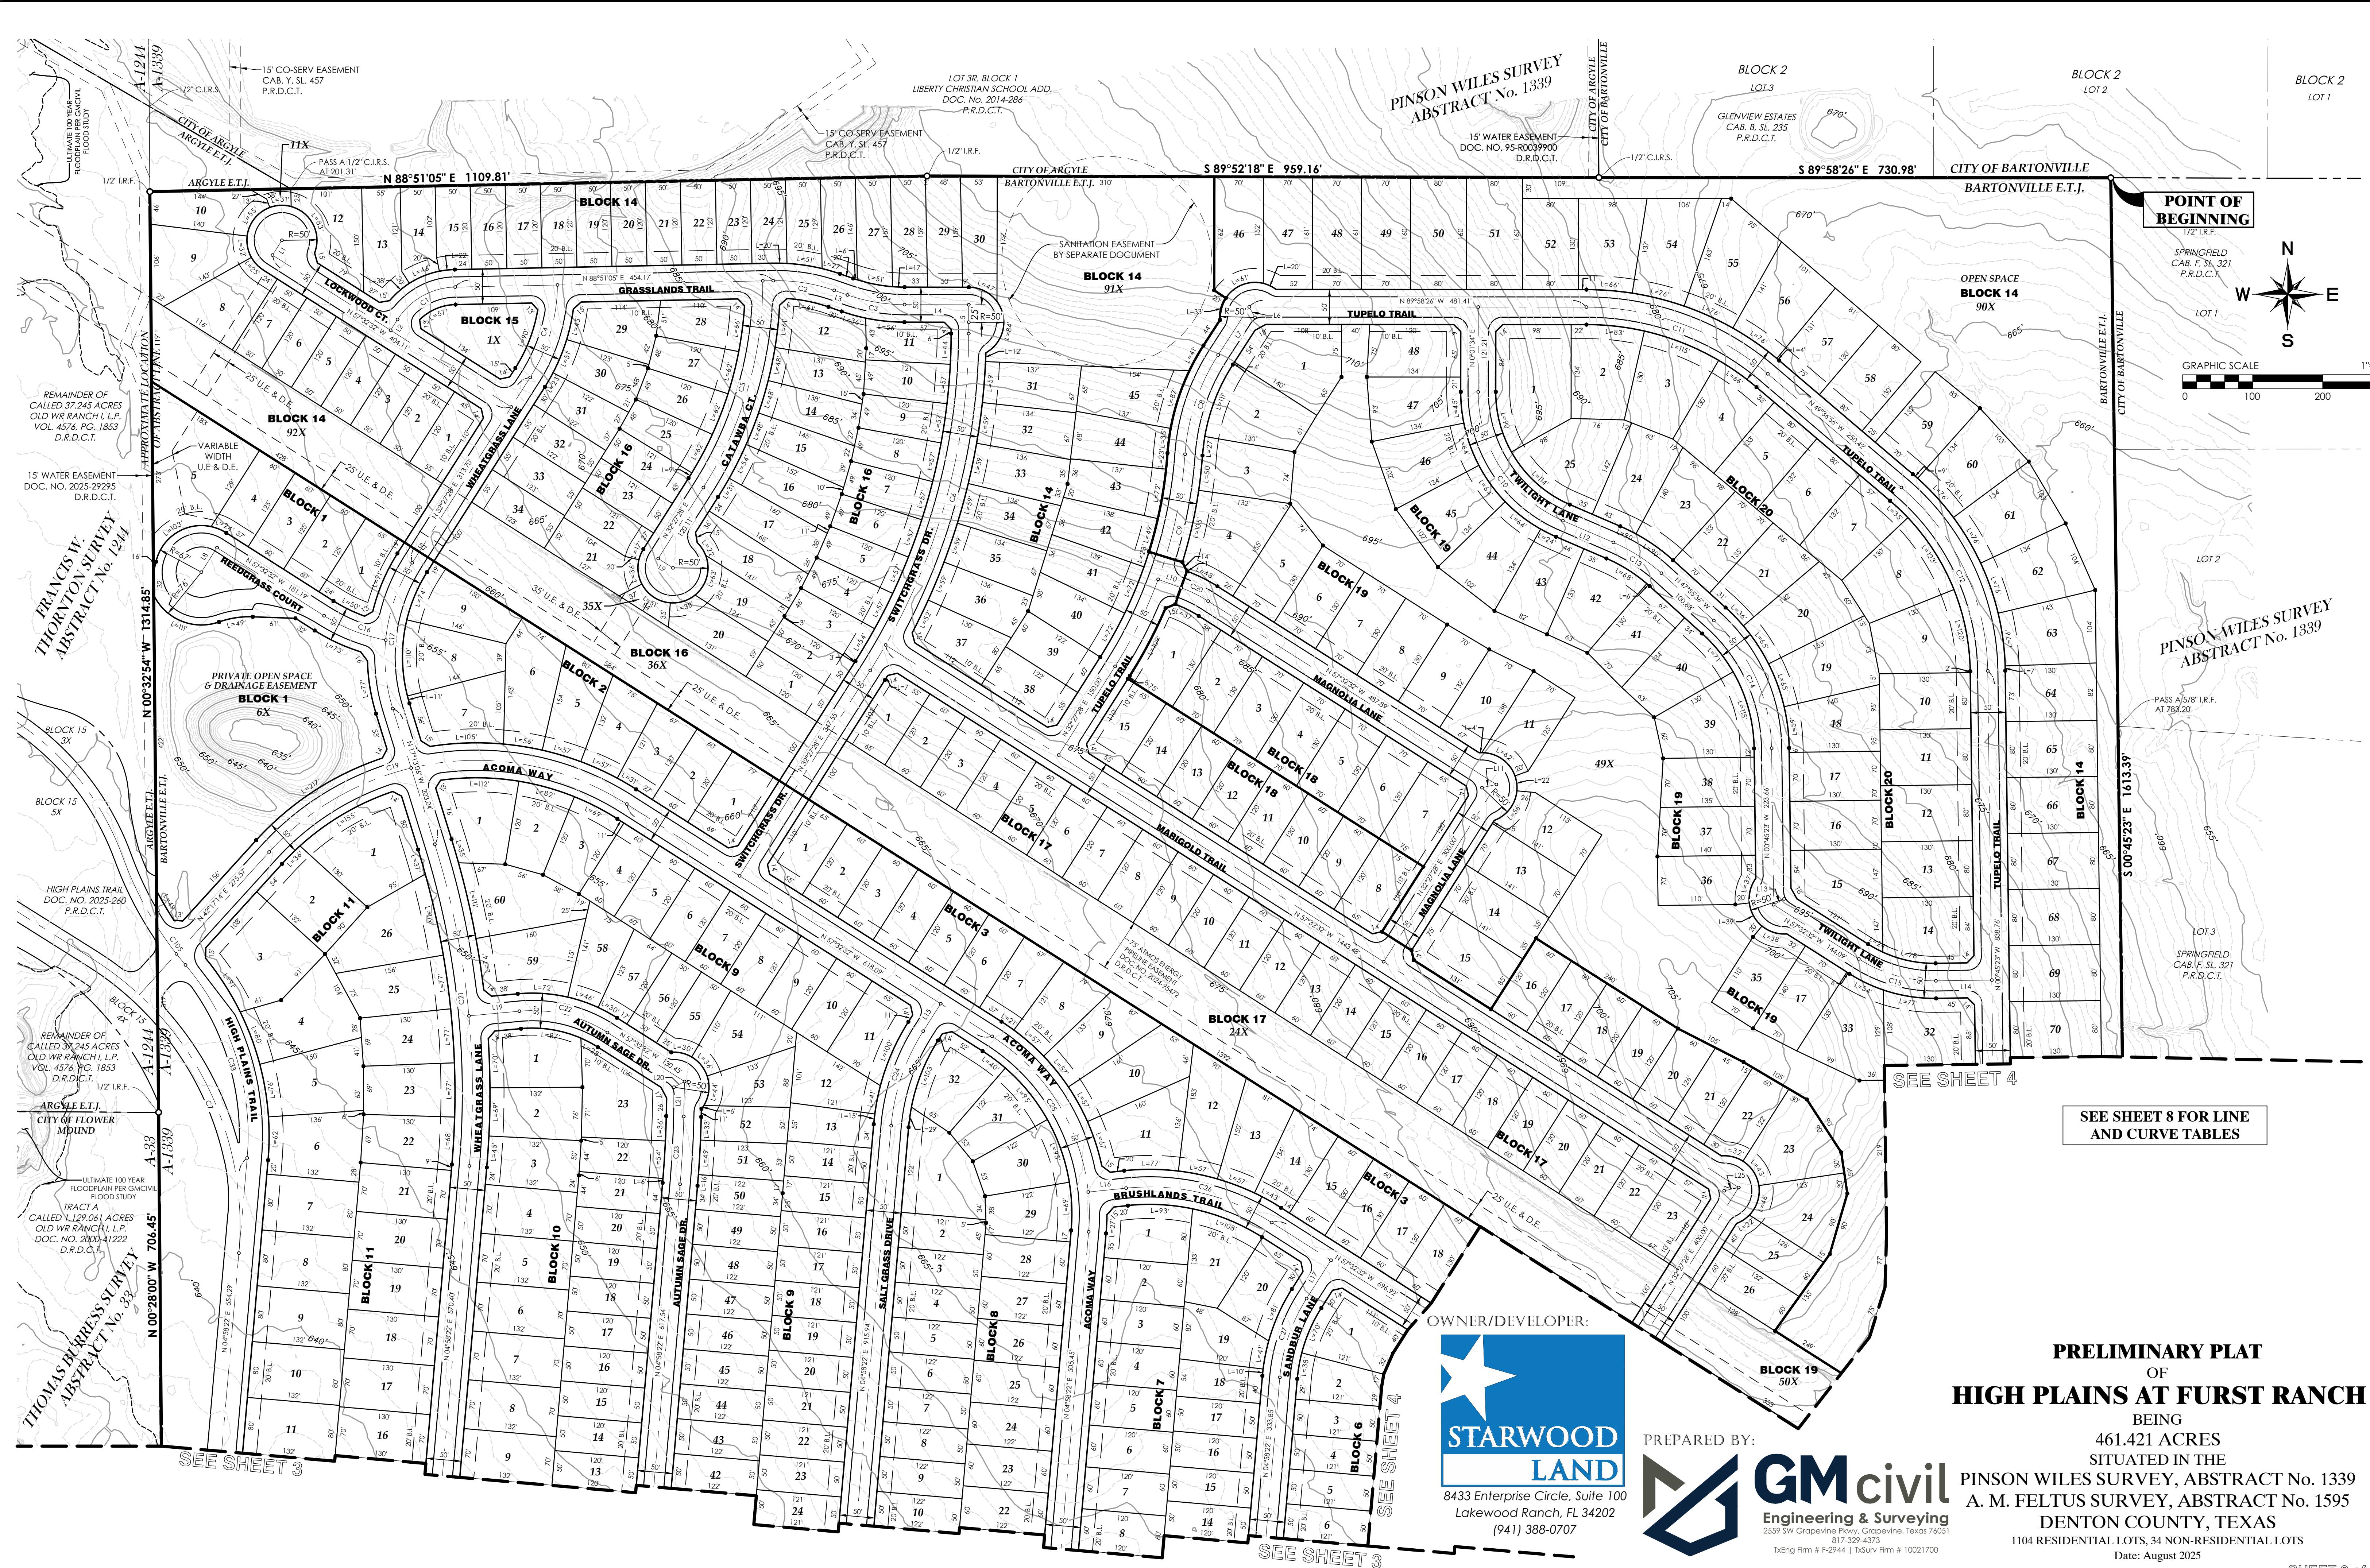

Staff Recommendation: Approve with Conditions.

Staff's Recommended Conditions of Approval:

1. The requested waiver for the intersection geometry at Marigold Trail and Peppervine Lane for an offset less than 300 feet and a minimum of 140 feet is recommended for approval.
2. The applicant shall update the NOTES section to ensure open space/utility lots and easements are properly referenced for ownership and maintenance.
3. Lots 3X, 4X, and 5X (Block 45) shall be on a new Block 46 since they are separated by a ROW/Grismill Drive?
4. Town references shall be updated to reflect Town of Flower Mound, Town of Argyle or Town of Argyle ETJ, and Town of Bartonville or Town of Bartonville ETJ. Verify jurisdiction locations on Preliminary Plat. *The applicant has stated they will update the jurisdiction references.*
5. Lots that may require floodplain reclamation shall comply with Denton County jurisdictional review. The zone AE floodplain boundary shall be reflected on the final plats.
6. Finished Floor Elevations (FFE) shall be provided on Final Plat phases.
7. The Preliminary Plat and Final Plats shall contain a signature block for Town approval, following the configuration and signatories listed in Bartonville Development Ordinance Section 2.7.c.

July 31, 2024

Mayor Jaclyn Carrington
Town of Bartonville
1941 E. Jeter Road
Bartonville, TX 76226

**Re: High Plains at Furst Ranch Preliminary Plat – PP-2024-002
Waiver Request**

Dear Mayor Carrington,

Please accept this letter as the official request for a waiver from the Bartonville Development Ordinance Section 3.1.k.

3.1.k. Intersecting streets with centerline offsets of less than three hundred feet (300') are prohibited unless a waiver is first obtained from the Town Council in accordance with the requirements of the waiver provisions set forth in Section 1.11 of the Town's Development Ordinance, as amended.

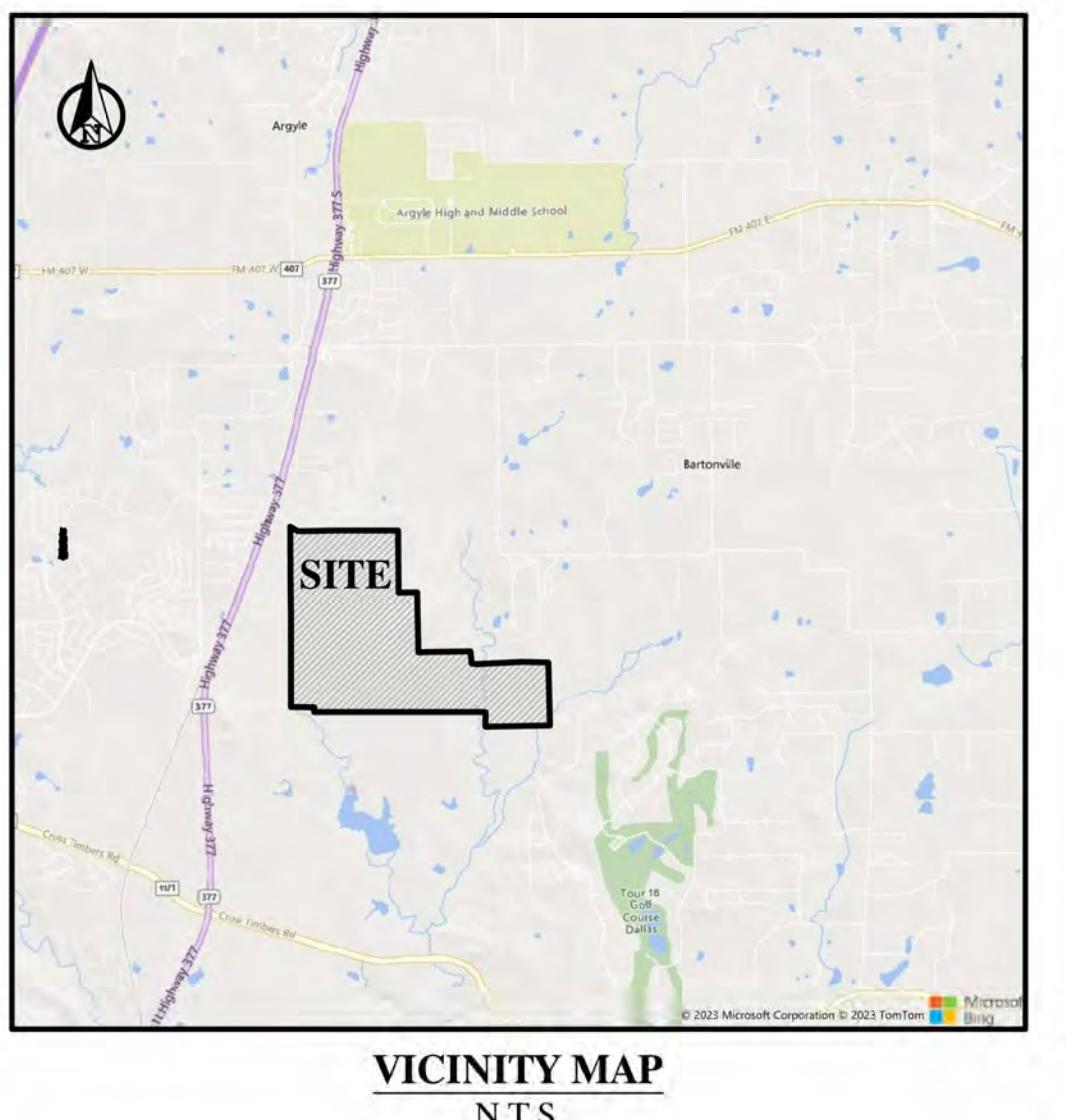

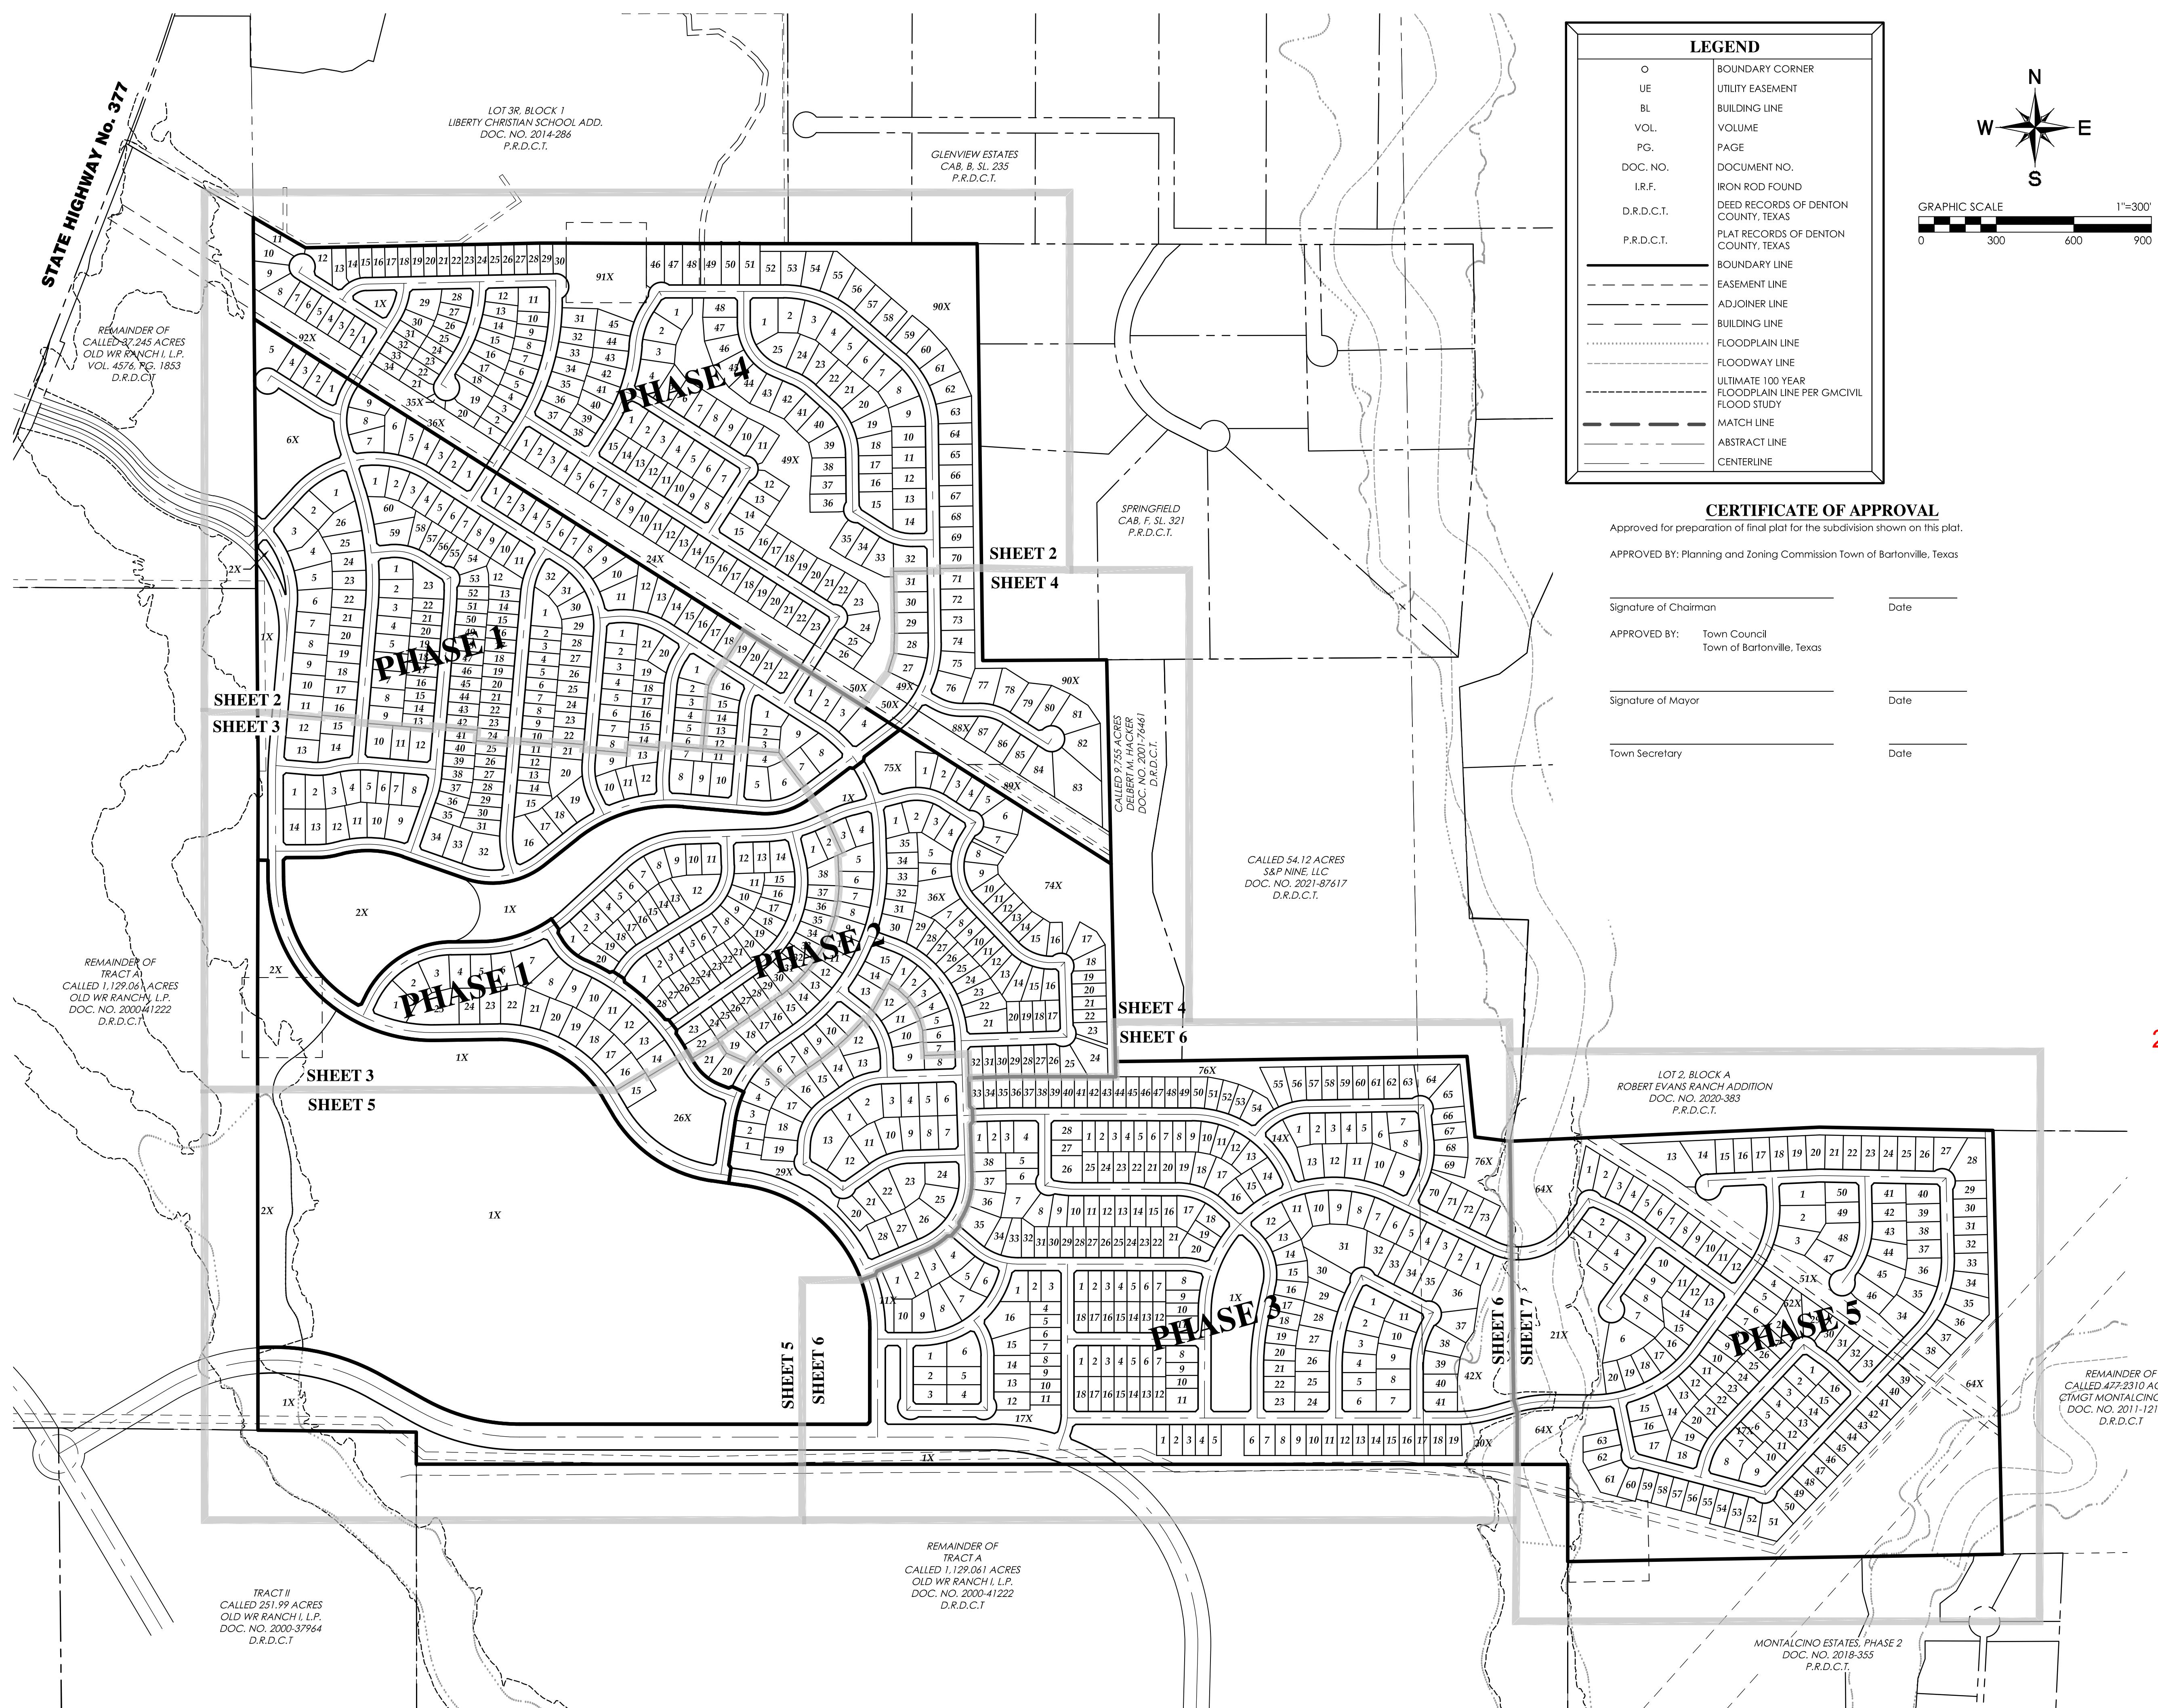

The waiver request is to allow a street centerline offset of approximately 140' between Marigold Trail and Peppervine Lane based on the following criteria:

- 1) The offset intersections are internal streets to the subdivision which will be subject to adjacent neighborhood traffic only.
- 2) Both intersections will be stop controlled Tee-Intersections with the appropriate regulatory signage installed (R1-1 Stop Sign).
- 3) The stopping sight distance for the respective intersections will exceed 300 feet.
- 4) The request does not create a health, safety, or welfare issue in our opinion, as centerline offsets of 125-150 feet are often acceptable in most municipalities. The Town of Argyle standard is 125 feet for offset intersections, the City of Justin standard is 125 feet for local/residential street offset intersections, and the City of Fort Worth is 135 feet for local public/private streets.

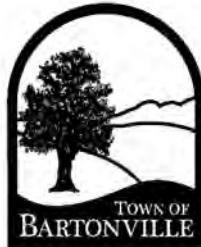

We respectfully request the Town Council approval of this waiver in support of the High Plains at Furst Ranch Preliminary Plat PP-2024-002. We appreciate your time and consideration with this matter.

Sincerely,
GMcivil

Jason S. Weaver, P.E.

PLANNING AND ZONING COMMUNICATION

DATE: September 3, 2024

FROM: Helen-Eve Beadle, AICP, Town Planning Consultant

AGENDA ITEM: Discuss and make a recommendation to the Town Council regarding a **Final Plat for High Plains at Furst Ranch, Phase 4A** encompassing approximately 34.940 acres of property situated in the Pinson Wiles Survey, Abstract Number 1339, in the Extraterritorial Jurisdiction (ETJ) of the Town of Bartonville, Denton County, Texas. The property is located generally east of State Highway 377 between Keith Road and Smoot Lane. The applicant is GMcivil on behalf of the owner ARROYO CAP V-1 LLC. [Town of Bartonville File Number FP-2025-003]

Land Use and Zoning: The property is located in the Bartonville ETJ, thus no land use or zoning designations apply. The property has been utilized as agricultural and is undeveloped.

Summary: On August 20, 2024, the Town of Bartonville Town Council approved a Preliminary Plat for High Plains at Furst Ranch and Final Plat phases and construction have begun. The applicant has submitted a Final Plat application for Phase 4A which includes 120 residential lots and 8 non-residential lots. A revised Preliminary Plat application illustrating a change in roadway patterns and phasing precedes this agenda item.

Staff has reviewed the Final Plat and have the following observations:

1. The Marigold Trail and Peppervine Lane intersection waiver to allow an intersection offset less than 300 feet was approved on August 20, 2024 and staff recommends the waiver be approved by Town Council with the current Preliminary Plat application. The offset is approximately 140 feet and shall not be less than 140 feet. The waiver request outlining reasons and supporting information is included as an attachment to this agenda item.
2. Staff noted the open space lots with significant utilities (elevated storage tank, pump station/well site, and sewage treatment facility) and has concerns regarding the ownership and maintenance. The MUD and/or the HOA will be responsible for these lots and the owner/developer will add easements (utility and drainage) as phases are final platted. The NOTES section on the Final Plat shall be updated to ensure appropriate ownership and maintenance of the X lots.
3. Final Plats shall comply with Final Plat approval block per the Town's Code. *The applicant will verify the use of the current approval block for the plat.*
4. Town references shall be updated to reflect Town of Flower Mound, Town of Argyle or Town of Argyle ETJ, and Town of Bartonville or Town of Bartonville ETJ. Verify jurisdiction locations on Preliminary Plat. *The applicant has stated they will update the jurisdiction references.*
5. Lots that may require floodplain reclamation shall comply with Denton County jurisdictional review. The zone AE floodplain boundary shall be reflected on the final plats.
6. Finished Floor Elevations (FFE) shall be provided on Final Plat phases.
7. The lot detail illustrating setbacks shall be added to the Final Plat.

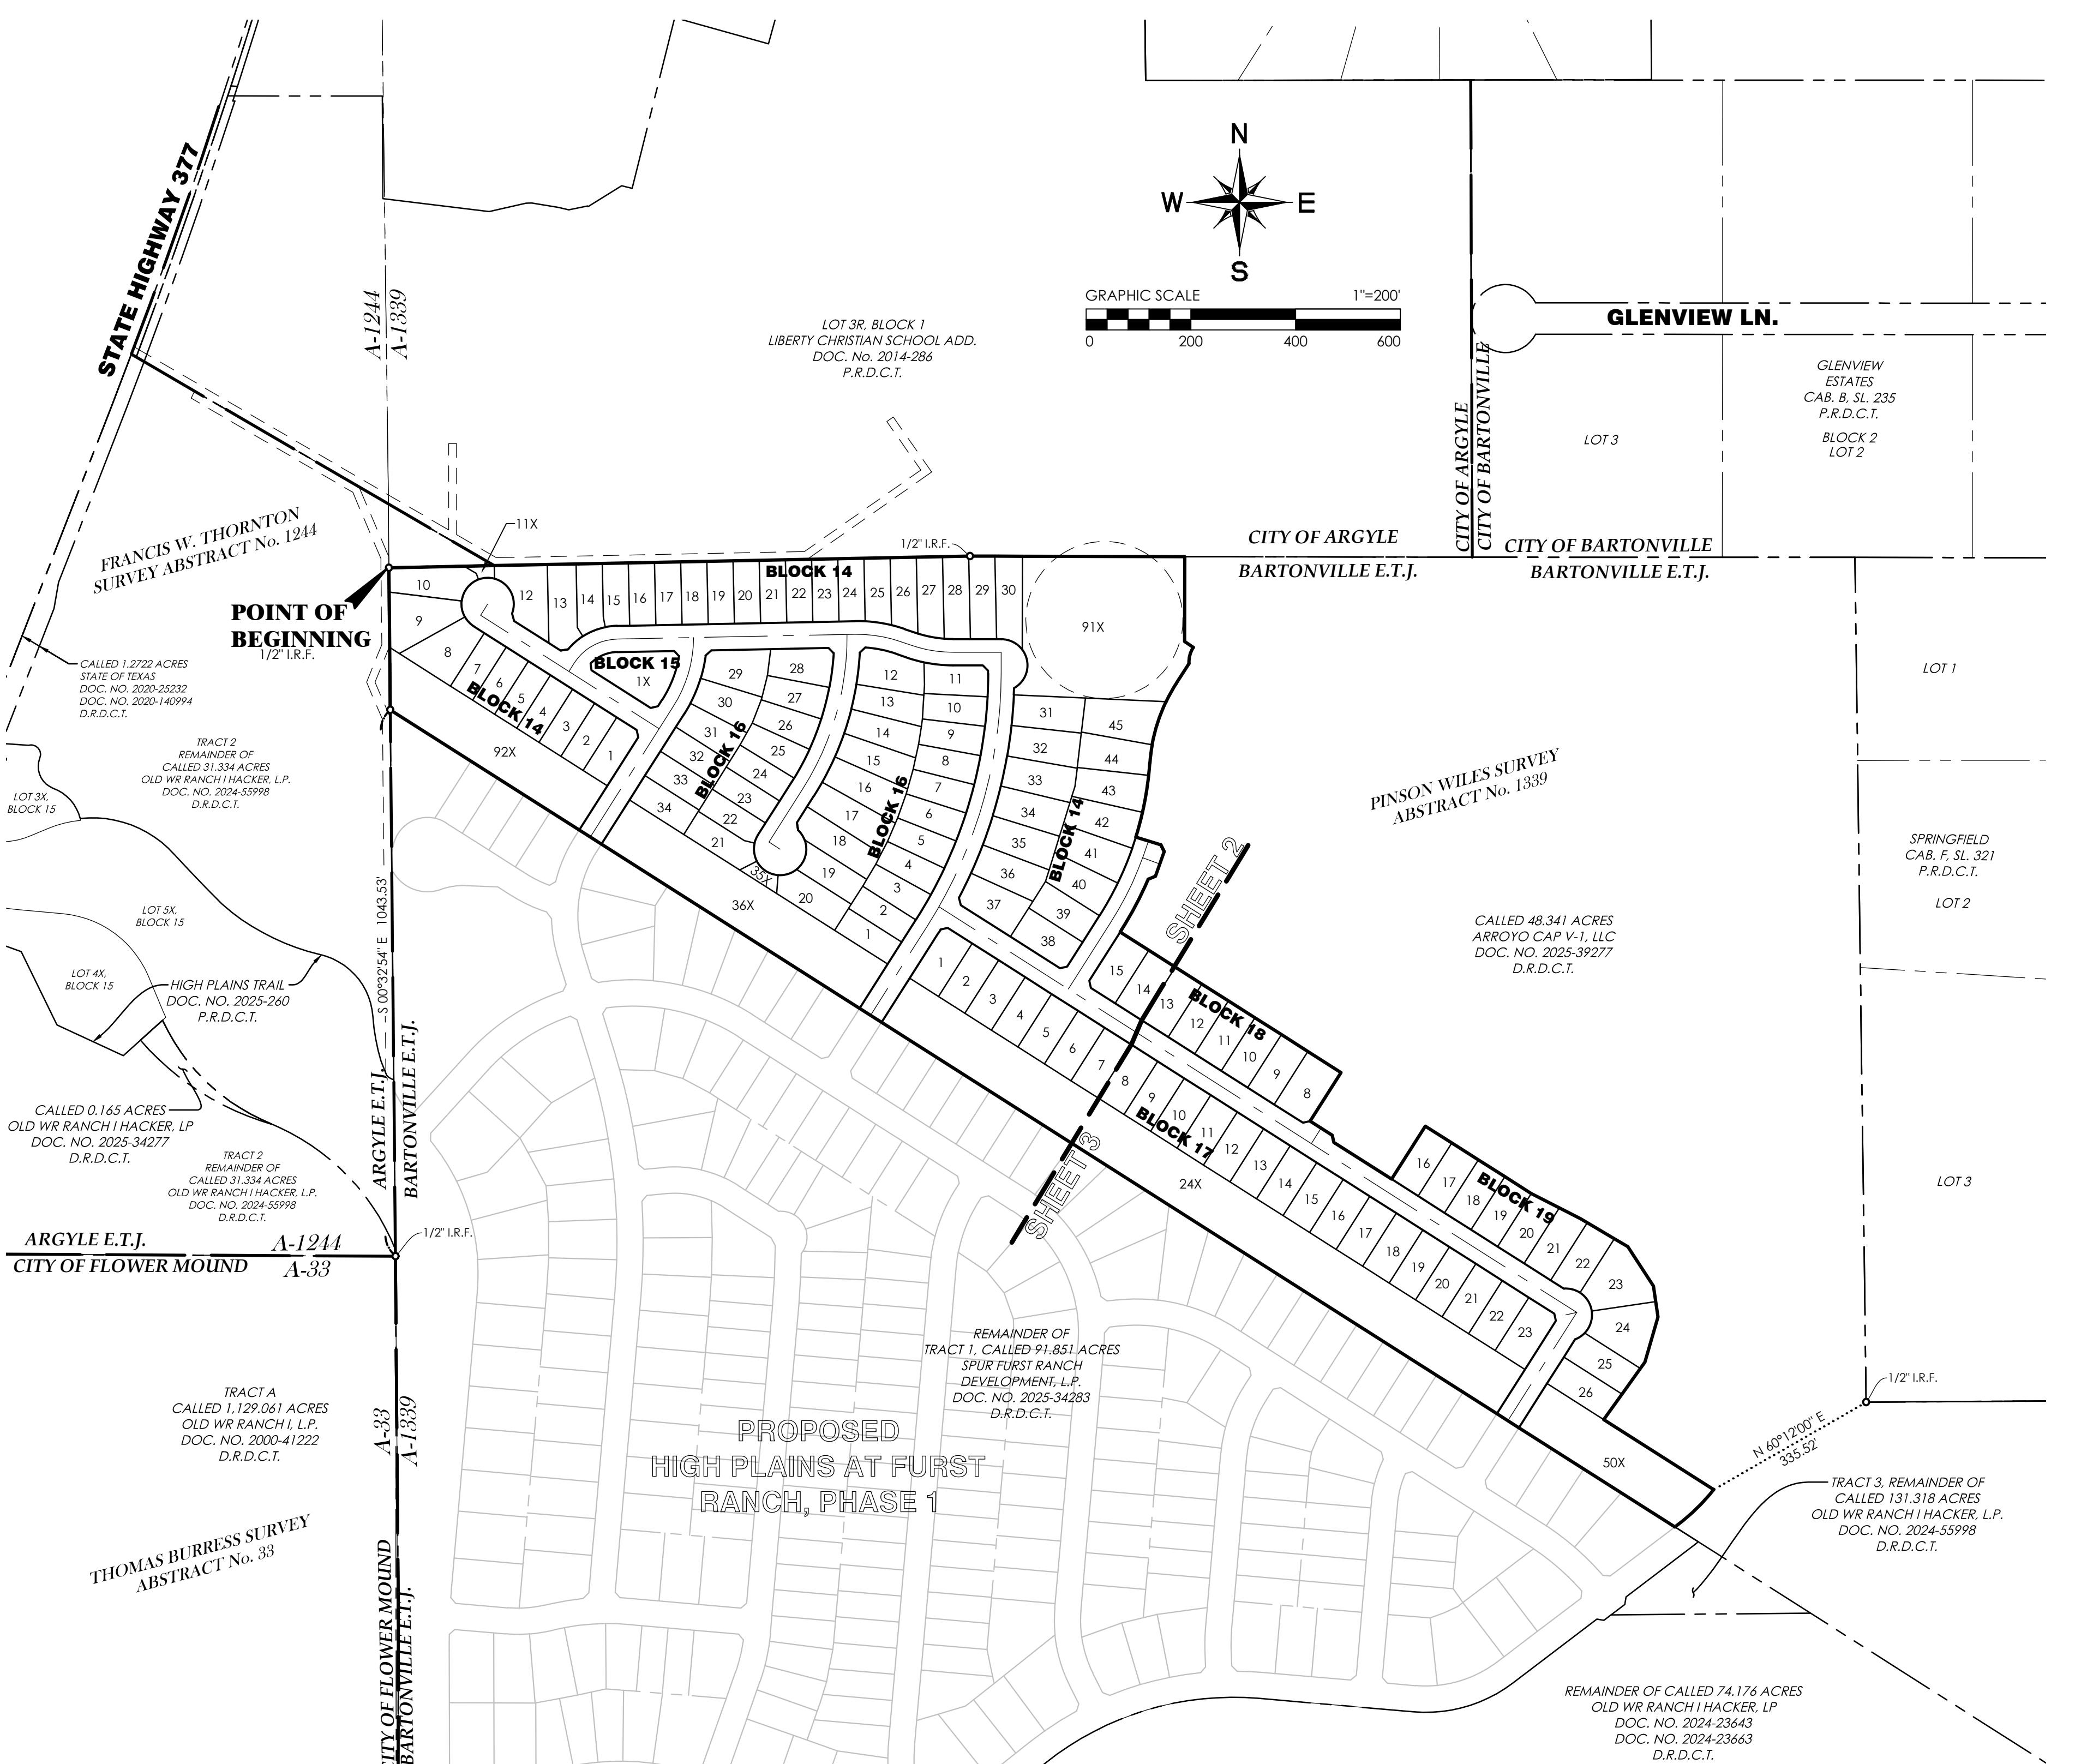

The Town of Bartonville's Development Ordinance requires compliance with the adopted ordinances and regulations for plat approval. The Final Plat generally aligns with town standards and is recommended for conditional approval, pending resolution of specific conditions outlined in the recommended conditions of approval.

Staff's Recommended Conditions of Approval:

1. The revised Preliminary Plat shall be approved by the Town Council.
2. The requested waiver for the intersection geometry at Marigold Trail and Peppervine Lane for an offset less than 300 feet and a minimum of 140 feet is recommended for approval.
3. The applicant shall update the NOTES section to ensure open space/utility lots and easements are properly referenced for ownership and maintenance.
4. Town references shall be updated to reflect Town of Flower Mound, Town of Argyle or Town of Argyle ETJ, and Town of Bartonville or Town of Bartonville ETJ. Verify jurisdiction locations on Final Plat. *The applicant has stated they will update the jurisdiction references.*
5. Finished Floor Elevations (FFE) shall be provided on Final Plat.
6. The Final Plat shall contain a signature block for Town approval, following the configuration and signatories listed in Bartonville Development Ordinance Section 2.7.c.
7. The lot detail illustrating setbacks shall be added to the Final Plat.

Exhibits:

1. High Plains at Furst Ranch, Phase 4A Final Plat
2. High Plains at Furst Ranch, Phase 4A Final Plat application packet
3. High Plains Intersection Offset Waiver Request

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

That Arroyo Cap V-1, LLC, acting herein by and through its (its) duly authorized officers, does hereby adopt this plat designating the hereinabove described property as HIGH PLAINS AT FURST RANCH, PHASE 4A, an addition to the Town of Bartonville, Texas, and does hereby dedicate, in fee simple, to the public use, the streets and easements shown thereon. The streets are dedicated for street purposes. The easements and public use areas, as shown, are dedicated, for the public use forever, for the purposes indicated on this plat. No buildings, fences, trees, shrubs or other improvements or growths shall be constructed or placed upon, over or across the easements as shown, except that landscape improvements may be placed in landscape easements, if approved by the Town of Bartonville. In addition, utility easements may also be used for the mutual use and accommodation of all public utilities desiring to use or using the same unless the easement limits the use to particular utilities, said use by public utilities being subordinate to the public's and Town of Bartonville's use thereof. The Town of Bartonville and public utility entities shall have the right to remove and keep removed all or parts of any buildings, fences, trees, shrubs or other improvements or growths which may in any way endanger or interfere with the construction, maintenance, or efficiency of their respective systems in said easements. The Town of Bartonville and public utility entities shall at all times have the full right of ingress and egress to or from their respective easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining, reading meters, and adding to or removing all or parts of their respective systems without the necessity of at any time procuring permission from anyone. This plat approved subject to all platting ordinances, rules, regulations and resolutions of the Town of Bartonville, Texas.

Bartonville, TX 76226

**Re: High Plains at Furst Ranch Preliminary Plat – PP-2024-002
Waiver Request**

Dear Mayor Carrington,

Please accept this letter as the official request for a waiver from the Bartonville Development Ordinance Section 3.1.k.

3.1.k. Intersecting streets with centerline offsets of less than three hundred feet (300') are prohibited unless a waiver is first obtained from the Town Council in accordance with the requirements of the waiver provisions set forth in Section 1.11 of the Town's Development Ordinance, as amended.

The waiver request is to allow a street centerline offset of approximately 140' between Marigold Trail and Peppervine Lane based on the following criteria:

- 1) The offset intersections are internal streets to the subdivision which will be subject to adjacent neighborhood traffic only.
- 2) Both intersections will be stop controlled Tee-Intersections with the appropriate regulatory signage installed (R1-1 Stop Sign).
- 3) The stopping sight distance for the respective intersections will exceed 300 feet.
- 4) The request does not create a health, safety, or welfare issue in our opinion, as centerline offsets of 125-150 feet are often acceptable in most municipalities. The Town of Argyle standard is 125 feet for offset intersections, the City of Justin standard is 125 feet for local/residential street offset intersections, and the City of Fort Worth is 135 feet for local public/private streets.

We respectfully request the Town Council approval of this waiver in support of the High Plains at Furst Ranch Preliminary Plat PP-2024-002. We appreciate your time and consideration with this matter.

Sincerely,
GMcivil

Jason S. Weaver, P.E.
