Planning & Zoning Commission (P&Z): The P&Z meets on the 1st Wednesday of the month and is comprised of five members and up to four alternate members. The Commission’s primary responsibility is to make recommendations to the Council regarding land use issues – primarily zoning, gas well drilling and subdivision plat requests. In addition, the Commission is charged with deliberating the merits of changes to the Zoning Ordinance, offering amendments and updates to the Comprehensive Master Plan and considering other items related to the physical development of Bartonville. The P&Z considers and makes recommendations to the Town Council regarding development applications, zoning requests, the comprehensive zoning ordinance and the comprehensive plan.

Board of Adjustment (BOA): The BOA meets as needed, typically one time per year. The BOA was created for the purpose of interpreting or modifying zoning regulations in particular cases as circumstances may require. Since its determinations in this respect are that of a quasi-judicial body, its judgments and decrees are afforded a presumption of legality by state law. The Board also acts as the Building Standards Commission which hears appeals to the Building Official’s decisions.

Bartonville Community Development Committee (BCDC): The BCDC meets as needed, typically one to two times per year. The Board is charged with researching, developing, preparing, and submitting to the Council for its approval, an annual work plan, which shall set out goals and objectives of the Corporation, including but not limited to short-term and long-term goals for the economic development of the Town, proposed methods for the elimination of unemployment and underemployment, goals and objectives for the unitization of funds to promote the expansion and development of a sound corporate business base for and within the Town, and any other similar goals including proposed methods and the expected costs of implementation.

Crime Control and Prevention District (CCPD): The CCPD meets two to three times in the late spring and early summer months and as needed throughout the remainder of the year. The CCPD Board is charged with managing, controlling and administering the funds of the district’s crime control and prevention program.
